Why We are Reading the Bible for The Coach House's re-opening?

We have been led to read these 66 books, which combined, furnish a highly integrated message. Penned by more than 40 different people over a period of thousands of years. A book, whereby, every word; place name; 'jot and tittle', was clearly placed deliberately. Yes, when thoroughly researched, free from preconceived or unconscious bias, it clearly demonstrates its origin must be from outside of our dimension, time and space.

In a time where its content has been disregarded and often, sadly, due to human abuse/misuse and the polarities of having been both added to or diluted, (all of which The Bible itself warns us not to do), we are assured that underlining our adherence and respect in this way is crucial, as a foundation statement for the further building of this new season of ministry.

How will it work?

The reading will be undertaken in slots with no human expound or explanation of its contents but will be read as translated by the New Living Translation (as this is a very accessible version of the text).

We hope that Churches will sign up together to help us declare/ acknowledge, our complete belief and trust in God the Father and Creator of all, Jesus His Son and the Saviour of the world and The Holy Spirit, our Counsellor and Guide.

In addition, we do this to underline publicly that, as for this house, placed here on God's dedicated land, we will serve the Lord.

It is our sincere hope that many of the wider community of God's family, will join us in a unified stance, to accomplish this privileged endeavour; many parts working together for one accord, under one head and the blood bought banner of love for such a time as this.

Consequently, faith comes from hearing the message, and the message is heard through the word about Christ. Romans 10:17 (NIV)
